

Volcanic Ash Mapper (VOLCAM)	
LEAD AGENCY POINT OF CONTACT: Charles Cote, NASA GSFC, 301-614-6367, <cote@carioca.gsfc.nasa.gov>	
TRAINING POINT OF CONTACT: Dr. Arlin Krueger, UMBC, 410-455-8906, <akrueger@umbc.edu>	
PROGRAM/PROJECT DESCRIPTION: VOLCAM is a geostationary satellite instrument that measures sulfur dioxide and ash from volcanic eruptions as well as ozone and other aerosols.	
I. TRAINING REQUIREMENTS:	
A. <u>Trainees</u>	B. <u>Skill Level of Designated Trainees</u>
TBD	
C. <u>Training Required</u>	
Other: TBD	
II. TRAINING DEVELOPMENT/DELIVERY:	
A. <u>Training Program Status</u>	
Other: Program is unfunded. Training TBD	
B. <u>Training Method</u>	
Other: TBD	
C. <u>Training Delivery Resources</u>	
: TBD	
D. <u>Training Provider</u>	TBD
E. <u>Training Measurement Method</u>	
TBD	
F. <u>Training References</u>	
TBD	
G. <u>Training Completion Documentation</u>	
TBD	
III. TRAINING IDENTIFICATION/DESCRIPTION	
A. <u>Training Identification</u>	
Number:	
Name: TBD	
Location:	
B. <u>Training Length</u>	TBD
C. <u>Group Size</u>	TBD
D. <u>Trainer to Trainee Ratio</u>	TBD
E. <u>Point of Contact to Request Training</u>	
Name: TBD	
Organization:	
Phone Number:	
E-mail Address:
